### Dear Colleagues,

We feel great pleasure in inviting you to the **39th Lahore Ophthalmology** to be held from **29 - 31 October, 2021** at **Pearl Continental Hotel, Lahore**. We had to shift the conference from December 2021 to October 2021 with the approval of Central Council due to least spreading ratio of COVID-19 for the months of August to October in last year. We would like to thank you for your overwhelming support of the previous conference which was attended by more than 2000 delegates and had 119 scientific sessions. It also included subspecialty workshops held at P.C. Hotel Lahore. We are developing a very interesting scientific programme which would cater for the needs of all the participating delegates. OSP Lahore will provide you the valuable credit hours for renewing your PMC registration. Teachers Training Conference and Leadership Development Programme will again be conducted in collaboration with International Council of Ophthalmology. The scientific committee of such a big congress requires that the abstracts for all kind of presentations and courses to be submitted well in advance so that they can be peer reviewed and adequate slots given to every presenter, we take pride in running our own software for generating the scientific program which allows us to collaborate with the presenters to choose the more suitable slot for their presentation. We delayed this announcement due to the current situation of COVID-19 which is now improving day by day, you are therefore requested to please submit your abstract at [www.scientific.osplhr.org](http://www.scientific.osplhr.org) on/before **15th August 2021** to avoid any further delay. We extend a very warm welcome to you and will look forward to providing you with the best educational experience. The traditional hospitality and pleasant weather of Lahore awaits you.
